NOTE. In order to assist bidders, Mr. Elder will be glad to advise them in regard to the value of any lot in this sale,

A SALE OF FIRST IMPORTANCE.

Our Sale of July 9th and 10th next (our last sale of the season) will be the most important held by us during the present season. In no sale we ever held have we so many United States and Foreign Gold Coins to offer. These belong to several persons, part of them to an estate.

In American gold the offering consists of about 150 lots, with Rare Eagles, Half and Quarter Eagles, Three and One Dollars. The Half Eagles include 1818, 1821, 1827, 1831 and 1832. The Foreign Gold consists of about 300 varied lots, including ancient and many coins of extra size. It is the largest lot of foreign gold offered in years. Choice American Colonials with three Fugio Dollars are offered.

The United States Cent collection has magnificent examples of 1793, including a Chain Ameri nearly uncirculated and a strongly struck example. The 1794s, 1795s, 1796s, 1797s, 1798s, & later dates are magnificent. The 1804 is one of the finest we have ever offered and worth possibly \$200.00. There are three examples of 1809 two of them uncirculated, the third extremely fine. Those in the '20s, '30s, '40s and '50s are mostly uncirculated, with several proofs.

Two Mormon Half Eagles of different dates are offered.

The U. S. Half Cents include a complete set from 1796.

There are Proof sets of 1841 and 1901, the last in gold.

The Paper Money Collection is probably the best southern lot we have yet offered. It belongs to a well known specialist and is his first and only set.

Foreign Silver in large variety, Fine War Medals, Tokens, United States Silver and Minor Coins, Curios, etc. contribute to make this one of the very best sales we have ever held. The result is expected to exceed the returns for the Miller Sale, and the large variety of material will attract far more interest than the Miller Sale.

Make out your bids early. If possible attend the sale personally. Spend your vacation in New York which is a great summer resort.

The Plate Catalogue will include 15 to 20 Plates, price only \$3.00. This makes it the biggest bargain ever offered. As it costs \$7.50. With printed Price List of the sale \$4.50.

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 50 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

NEW INDESTRUCTIBLE PEARL BEADS.

These Pearl Beads represent the last word in beautiful lustrous imitation pearls. They have a \$10,000 sheen and cannot be told from the finest pearls. They are made of real mother of pearl shell, dipped in "Cream of Pearl" and some in two shades of color, viz., white and cream. We have them in four lengths, viz., 17 inches, 22, 24 and 27 inches, and they are graduated in form. We stand back of these pearls and pronounce them the finest we have ever offered. They will keep their color for years and will not break by dropping or by any ordinary use. There is no glass, nor wax in their composition, so they will not melt under heat or the rays of the sun. Ordinary French pearls are trash besides these pearls, which come from the Orient and are the very latest production of the pearl maker's art. We know of no more useful, fashionable or refined present for a woman. No other gift seems to be valued as much by the feminine sex as these beautiful pearls. Last Christmas we sold a string to a customer and invited him to take them to the leading pearl specialist, —T— of Fifth Avenue this city and inquire as to their value. The price he had paid us for his string was \$15.00. The Fifth Avenue dealer expressed himself as to their beauty and said they were worth between forty and fifty dollars! The big dealers on 6th Avenue and Broadway are asking \$28.00 a string for these identical pearls mounted.

We would like very much to send you a string of these pearls mounted with solid gold clasp for your approval. Same may be returned if not desired. The prices are as follows mounted in gold ready to wear:

| | |
|-------------------------------|---------|
| 17 inch String of Pearls..... | \$ 7.50 |
| 22 inch string..... | 11.00 |
| 24 inch string..... | 14.00 |
| 27 inch string..... | 20.00 |

At the above prices we send them insured and prepaid.

We would like to interest you in a string of these matchless pearls.

We have never handled anything so fine or beautiful. A \$10,000 string of real pearls could not be more attractive.
